Councillor Heremaia provided the following reason for voting against the motion:

"The reason why I am voting against this motion today is because I think we need to review this organisation and of course its long-term financial projection. We saw that the Townsville City Council involved innovation subsidiary is facing closure from the Council according to media reports from 2 days ago due to financial changes so I think that when financial forecasts may change, we should step back, pause, and say do we want to continue investing or support organisations."

Councillor Stemp provided the following reason for abstaining from voting:

"I am abstaining and seeking additional information at this time."
